

STATE OF VERMONT  
PUBLIC SERVICE BOARD

Order re EEU Participation in the ISO-New England     )  
Forward Capacity Market   )

Order entered: 4/24/2008

**ORDER RE COSTS OF THE CONTRACT ADMINISTRATOR**  
**RELATED TO THE FORWARD CAPACITY MARKET**

On December 14, 2006, the Public Service Board ("Board") issued an Order directing the Efficiency Vermont contractor to participate in the ISO-New England Forward Capacity Market on behalf of Vermont ratepayers. In the December 14 Order the Board stated that the administrative costs of Efficiency Vermont, the City of Burlington Electric Department, and the Department of Public Service related to participating in the Forward Capacity Market would be paid out of funds received from that market.

Since the December 14 Order was issued, the Board has asked the Energy Efficiency Utility Contract Administrator to track the amount of time that he has worked on Forward Capacity Market issues. From January, 2007, to January, 2008, the Contract Administrator's costs associated with the Forward Capacity Market were \$25,234.

On April 8, 2008, the Board issued a memorandum requesting comments on whether the Contract Administrator's costs related to his work on Forward Capacity Market issues should be paid from the Forward Capacity Market revenues. Comments were filed by the Department of Public Service, Central Vermont Public Service Corporation, Green Mountain Power Corporation, Vermont Energy Investment Corporation, and the Vermont Public Power Supply Authority. None of the commenters objected to using Forward Capacity Market funds for this purpose.

The Board has determined that the Contract Administrator's costs associated with Forward Capacity Market issues should be paid through funds received from the Forward Capacity Market.

SO ORDERED.

Dated at Montpelier, Vermont, this 24<sup>th</sup> day of April, 2008.
